Here's Looking  
at You

Richland Attendance Center  
Highway 49 S., Richland, MS

As you walk through the halls of Richland High School, you will see smiles, hear laughter, and feel the bonds between close friends. Many friendships have been made right here in the halls of Richland High. Friendships have grown that will last throughout the school year, over the summer, and for the rest of our lives.

The graduating class of 1987 is the first to complete twelve full years at Richland Attendance Center. During these twelve years, a bond has been created among the seniors that will never be forgotten. As we move into the adult world, everything we have learned through the years at Richland will be carried with us, including friendships and many, many memories.

## Administration

**Robert E. Luckett**

Attendance Center Principal

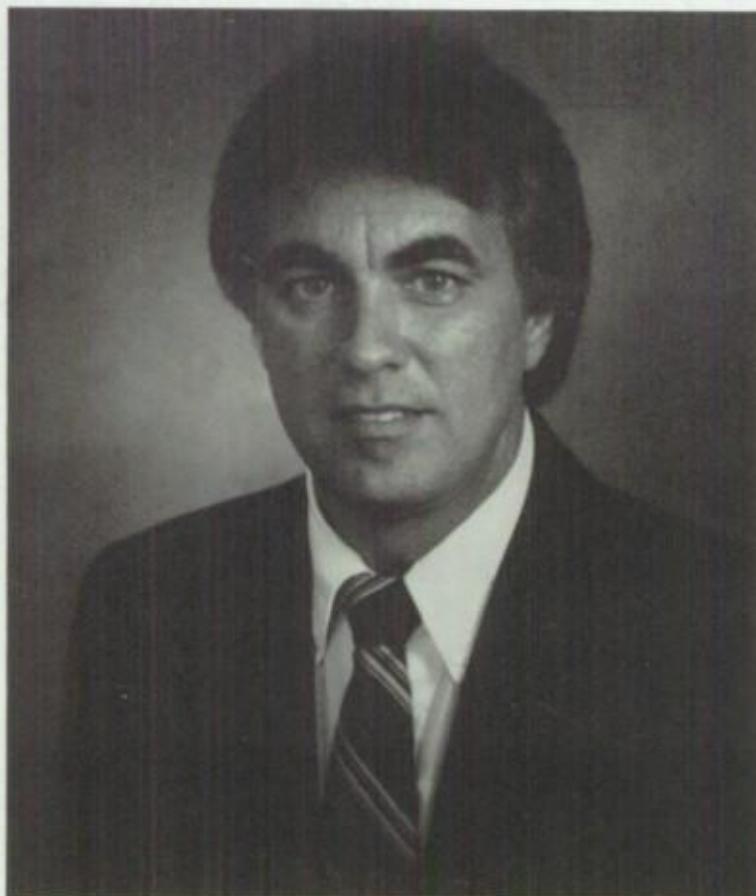

To the Class of 87-You have worked; You have striven for the best you could be; You have labored for knowledge; You have opened your minds to new ideas. You have done all of this, and you have succeeded -you have come through. I pray that you may know lives that are filled with challenges which allow you to grow, knowledge which allows you to succeed, and peace which makes everything worthwhile.

**Susan Monsour**

Elementary School Principal

My first year at Richland Elementary has been a great one! The administration, teachers, parents, and students have made this a very good year. It is one filled with many memories. The support of our PTO organization has been tremendous. When we work together, so much can be accomplished for our students. We have a common goal and that is to educate young minds. Thank you so much for your support. I truly hope this has been a year your child will cherish and remember in the years to come.

**Barry L. Male**

Secondary School Principal

I would like to thank the Class of 87 for making this year the best we have ever had at Richland Attendance Center. Your leadership and enthusiasm has been tremendous, and we will miss you. May God bless each and every one of you in your future years.

**Larry Rimes**

Counselor

The graduating class of 1987 is the first class to have gone through Richland Attendance Center from the first through the twelfth grades. As counselor I have really enjoyed working with these students and as Richland continues to grow, I look forward to working with other graduates that are to follow.

Many teachers here at Richland have touched their students lives. One such teacher is John Grant. Of his 19 years of teaching he has spent his last four with us at Richland. Mr. Grant has not only filled our minds with wisdom, but has filled our hearts with joy. This year he will bid us a final farewell, but we are sure he will continue to teach for the rest of his life.

The German exchange students, Elmar Haug & Anke Alber, have greatly enriched our lives. We hope they can leave America with warm hearts and rich memories of the friends they have made. RHS will never forget them and we hope they will remember us as well.

# THE EXCHANGE CLUB OF RICHLAND

**Chartered November 18, 1978**

Our Exchange Club is made up of the community leaders of Richland whose goals are to improve, advance, and uplift the human condition and to preserve and perpetuate the patriotic principles which are so much a part of our national heritage. We sponsor several service programs locally. One of these is "Youth of the Month."

PRESIDENT .....	ECKLES EVANS
PRESIDENT .....	BILL BARRETT
TREASURER .....	CARL HANCOCK
SECRETARY .....	DAVID HAWTHORNE
ASSISTANT-SECRETARY .....	DALE SAULS

## Youth of the Month

A paradox in our society is that while hard work, worthy achievement, honesty, righteousness, and good citizenship are traits which we all admire, our attention is most often diverted by those who drastically deviated from these ideals. Or to put it another way, good kids seldom make the headlines.

The Youth of the Month program aims to rectify this contradiction by focusing public attention on industrious high school students who are to attain high levels of scholastic and athletic excellence and who demonstrate exemplary qualities of leadership and civic responsiveness. Thus, the program not only rewards outstanding young people for their perseverance and hard work, but also provides an incentive to other young people to strive a similar degree of excellence.

**Only one class ring can really fit you.  
And Campus Supply has it.**

Your class ring should be unique and special as you are. And it can be, when it's from Balfour. Because you choose the style, the stone, the decoration, the engraving — to create a class ring that is yours alone. Your own personal class ring from Balfour. No other can express who you are so exactly. Or help you recall those special times so clearly.

Balfour. No one remembers in so many ways.
